**In addition to the annual and perennial flower list on the following pages, we will continue to produce a wide variety and plentiful amount of our 10” and 12” hanging baskets. We use a variety of Calibrachoa. All our hanging baskets are grown here at the greenhouse.**

**We have also expanded our wide variety of hosta and daylily offerings.**

## **INTRODUCTION**

Welcome to our 2018 SPRING FLOWER CATALOG. We are taking a new approach to our spring season. Based upon feedback from you, our loyal customers, we will be focusing more on outdoor flowering containers.

While many of our most popular flowers will still be available in “flats” (and individual 3 or 4 plant per flat insert) for our bedding plant customers, our focus will be on creating beautiful flowering containers that you will find easier to maintain, be portable, and require less weeding, and fertilizing.

We also are continuing to expand our second and third year perennial offerings.

You will notice while looking over the catalog that pricing is no longer included. Since we will be offering our flowers in a variety of configurations many of our unique products will be individually priced.

We look forward to seeing you here at Malaga Greenhouse this spring.

Best regards,

Stan & Joan Roby  
Malaga Greenhouse, Florist, and Gift Shop

P.S. Check out our 2018 SPRING VEGETABLE Catalog which is available at the greenhouse, on our web homepage, or via email request.

We also offer quality, second or third year PERENNIAL PLANTS in 1-gallon containers. These items have all been “Perennial Plant of the year” and we are excited to offer these “blooms for you the first year” landscaping or cut flower favorites!

### **Aquilegia Origami Red and White**

Semi-dwarf columbine produces an extravaganza of enormous, showy 2-3” red and white blooms. Inviting to butterflies and hummingbirds. It’s resistant to deer and rabbits. 18 inch high/18 inch spread.

### **Artemisia Silver Mound**

Bright silver lacy mounded foliage is great for edging. Artemisia is prized for silver leaves and excellent texture. Artemisia Silver Mound is one of the most popular silver foliage plants. It’s resistant to deer and rabbits. 10-14 inch high/18 inch spread

### **Buddleia Glass Slippers**

Low growing, wide spreading butterfly bush covered with pale-blue clusters. Spike-like clusters bloom from early summer to first frost. Flowers are mildly fragrant, and very attractive to butterflies, hummingbirds and bees. 36 inch high/up to 5 foot spread.

### **Coreopsis MoonBeam**

Tickseed. The creamy yellow flowers take the heat and bloom all summer. Very tolerant of soils and weather. Attracts butterflies. 18 inch high/18-24 inch spread.

### **Echinacea Pow Wow Wildberry**

Wild Berry is enjoyed for its long season of bloom, compact habit and bright rose-pink, non-fading flowers. Attracts butterflies and bees. Beautiful cut flower. 16-24 inch high/18-24 inch spread.

### **Gaillardia Arizona Sun**

Large fiery orange red blossoms of Arizona Sun are tipped by a ring of rich flame yellow. Forms a neat mound of lance-shaped, grayish-green leaves. 15 inch high/12 inch spread.

### **Heuchera Marvelous Marbles**

This Coral Bells plant is a terrific foliage plant. Changes color throughout the seasons. Sprays of small ivory-white bell flowers appear in late spring. 12-24 inch high/18 inch spread.

### **Japanese Painted Fern**

Dramatic foliage is a standout in the shade garden. The dark, blue green central rib of each frond fades to silver at the edges. 12-18 inch high/12-18” spread.

### **Leucanthemum Snow Lady**

This Shasta daisy has coarse, leathery leaves and large white blooms with yellow center. Attracts butterflies. Sturdy flowers remain attractive even after a hard rain. 24-36 inch high/12 inch spread.

### **Penstemon Huskers Red**

Tall pale red spikes stand up boldly in the garden. A showy Foxglove-like flower. Hummingbirds love this plant! 24-36 inch high/18-24 inch spread.

### **Phlox Paniculata David**

White Phlox that is extremely free flowering, maintaining a very full display from mid-July well into September. 24-36 inch high/24-36 inch spread

### **Phlox Paniculata Flame Lilac**

This garden phlox has lilac-purple flowers, great for cut flowers and beds. Offers a dwarf, bushy habit with good disease resistance and large, fragrant flowers. Attracts butterflies. Extremely free flowering, maintaining a very full display from mid-July well into September. 18-24 inch high/12-18 inch spread.

### **Phlox Subulata Emerald Blue**

This creeping phlox has beautiful masses of deep blue flowers and creates an attractive groundcover or accent in a rock garden. Excellent bank cover. More heat tolerant than garden phlox. 6 inch high/18 inch spread.

### **Rudbeckia Goldsturm**

A showy border plant and excellent for cut flowers. Bright, daisy-like, golden yellow flowers with black centers. Heat and humidity tolerant. 24-30 inch high/18-24 inch spread.

### **Scabiosa Blue Butterfly**

Beautiful Dutch blue flowers with intricate centers resembling a pin cushion atop wiry stems. Blooms over a long period. 18-24 inch high/12-18 inch spread.
